Broadening Horizons and Expanding Global Awareness

學校鼓勵同學「讀萬卷書，行萬里路」，積極裝備他們成為世界公民。學校經常舉辦境外學習活動及體驗團，讓同學到不同的國家、地區參觀及訪問，放眼遠看，了解各地的歷史文化及風俗，擴闊同學的視野，豐富學習經驗。學校設獎學金獎勵用心學習的學生前往海外交流。

The school encourages students to "read thousands of books and travel thousands of miles," actively preparing them to become global citizens. Regular overseas learning programs and experiential tours are organized, allowing students to visit and explore various countries and regions. These activities enable students to gain a broader perspective, learn about the history, culture, and customs of different places, and enrich their overall learning experience.

To further support this goal, the school offers scholarships to reward diligent students, providing them with opportunities for overseas exchanges.
